B. Providers

B1. Key terms

A health care team may consist of the member, the member's family/caregiver and qualified professionals including if appropriate, the primary care provider, specialists, and other providers, as applicable, designed to effectively meet the member's needs. Your health care team will provide care management services to you after your enrollment in the plan. Your health care team will work with you to promote your ability to live independently, and the team will work to coordinate your full set of Medicare and Medicaid benefits including medical, behavioral, long-term care and social needs.

This section explains key terms in our *Provider and Pharmacy Directory*.

Providers are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.

- The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
- Providers that are a part of our plan's network are called network providers.

Network providers are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us for care they give you. When you use a network provider, you usually pay only your share of the cost for covered services.

A **Primary Care Provider** (PCP) is a health care professional, primary care clinic, a federally qualified health center or a rural health care center who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

Specialists are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.

All female members are allowed to self-refer to certified nurse midwives (CNMs), obstetricians and gynecologists on the UnitedHealthcare Community Plan provider panel. In addition, female members are also allowed to self-refer to women's health specialists on the UnitedHealthcare Community Plan panel for routine and preventative health care services if their PCP is not a women's health specialist. For a list of women's health specialists on UnitedHealthcare Community Plan's panel please call Member Services at 1-800-895-2017 (TTY: 711), 8 a.m. - 8 p.m., local time, Monday - Friday (voicemail available 24 hours a day, 7 days a week).

The following providers can be seen on a self-referral basis:

- Qualified Family Planning Providers (QFPPs)
- Federally Qualified Health Centers (FQHCs)/Rural Health Clinics (RHCs).

If you have questions, please call UnitedHealthcare Connected® for MyCare Ohio at 1-877-542-9236, TTY 711, 8 a.m. - 8 p.m., local time, Monday - Friday (voicemail available 24 hours a day/7 days a week). If you need to speak to your care manager, please call 1-800-542-8630, 24 hours/7 days a week. These calls are free. **For more information**, visit MyUHC.com/CommunityPlan.

You also have access to a care manager and a care team that you choose. Your PCP will work closely with your care manager and care team.

- Your **care manager** helps you manage all your providers and services. They work with your care team to make sure you get the care you need.
- Your **care team** includes your doctor, other providers, caregivers, and your care manager. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider, or PCP. If you do not choose a PCP, we will assign one to you.

To choose a PCP, use the list of providers in section D and:

- choose a provider that you use now, **or**
- choose a provider who has been recommended by someone you trust, **or**
- choose a provider whose offices are easy for you to get to.

If you want help in choosing a PCP, please call Member Services at 1-877-542-9236, 8 a.m. - 8 p.m., local time, Monday - Friday (voicemail available 24 hours a day, 7 days a week). TTY users should call 711. The call is free. Or, visit MyUHC.com/CommunityPlan.

The exceptions to this rule are when you need long-term nursing home care, urgent or emergency care, or dialysis and cannot get to a provider in the plan, such as when you are away from home. Also, for a specific period of time after your enrollment with UnitedHealthcare Connected® for MyCare Ohio, you can use your out-of-network physicians and other service providers, including nursing homes and assisted living providers, home health nurses, aides and LTSS or “waiver services” providers. Members must qualify for these services as they are not available to all plan members.

You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. This part of the Directory provides a list of pharmacies in UnitedHealthcare Connected® for MyCare Ohio's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

UnitedHealthcare Connected® for MyCare Ohio members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it is not an emergency or urgent care situation, including when you are out of the service area, call UnitedHealthcare Connected® for MyCare Ohio toll-free Member Services or 24-hour nurse advice line for assistance in getting your prescription filled.
- If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service.

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Optum® Home Delivery Pharmacy.
