How to use SNAP

The Supplemental Nutrition Assistance Program (SNAP) can help you with your food budget. It covers many foods, including:

- Fruits and vegetables
- Dairy products
- Meat, poultry and fish
- Breads and cereals

Shopping tip: When you're at the store, buy frozen fruits and vegetables. They are a bargain compared to fresh. And they're just as healthy!

iStock.com/vasilijbudarin

Learn more. To find out if you can get SNAP benefits, visit fns.usda.gov/snap/recipient/eligibility.

Everyday Life

The right dose

Does your child have attention deficit/hyperactivity disorder (ADHD)? Are they taking medicine for ADHD? If so, it is important to make and keep appointments with their doctor. A one-size-fits-all plan does not work for children with ADHD. What works for one child may not work for another.

A child who takes ADHD medicine must be seen by the doctor to make sure they are getting the right medicine and the right dose. This will happen in a follow-up visit. Follow-up visits should happen within 30 days after the first ADHD visit and then at least 2 more times in the next 9 months.

Health + Wellness

Activity zone

Time to unwind

If you're feeling stressed due to COVID-19, the Centers for Disease Control and Prevention recommends taking a break from everyday activities. Arts and crafts are a great option to de-stress. In fact, coloring — for both children and adults — has been shown to reduce stress and anxiety. Pull out some colored pencils, crayons or markers, and make this page a work of art!

Annual Wellness Visit

Health in your hands

Annual wellness visits are important for good health

Preventive care tells you about your health before it gets bad. It is a covered benefit under your health plan. It includes regular visits to your primary care provider, screenings and vaccines.

All members of your family should see their primary care provider once a year for an annual wellness visit. These visits keep your family healthy. They can find and prevent problems before they happen.

Visit myuhc.com/communityplan to find a provider.

Important Vaccine

Schedule your flu shot

Everyone over the age of 6 months should get the flu shot every year. It is one of the best ways to protect your family against the flu.

We know that it can be hard to find time in your busy day to get a flu shot. So we have an online tool that makes it easy. It only takes a few minutes to find a location near you. Then you can schedule an appointment for a day and time that works best.

Spend a few minutes now to plan your visit. It can make a big difference in your family's health this fall and winter. To get started, visit myuhc.com/findflushot.
