## D. Background Information about UHC Dual Complete's Network Pharmacies

This part of the Directory provides a list of pharmacies in UHC Dual Complete's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

UHC Dual Complete members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- \* If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service.
- \* Read the UHC Dual Complete Evidence of Coverage for more information.
- \* This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory.

For up-to-date information about UHC Dual Complete's network pharmacies in your area, visit our website at [myuhc.com/communityplan](http://myuhc.com/communityplan) or call Customer Service at the number at the bottom of this page.

To get a complete description of your prescription coverage, including how to fill your prescriptions, read the Evidence of Coverage and UHC Dual Complete's List of Covered Drugs (Drug List). You can find the List of Covered Drugs online at [myuhc.com/communityplan](http://myuhc.com/communityplan) or you can call Customer Service at 1-800-514-4911, TTY 711, 8am-8pm: 7 Days Oct-Mar; M-F Apr-Sept.

### D1. Types of pharmacies in UHC Dual Complete's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- \* Mail-order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- \* Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- \* Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.

You are not required to continue using the same pharmacy to fill your prescriptions.

You can use any of the pharmacies in our network.

### D2. Long-term supplies of prescriptions

- \* **Mail-Order Programs.** We offer a mail-order program that allows you to get up to a 100-day supply of your prescription drugs sent directly to your home.
- \* **100-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 100-day supply of covered prescription drugs.

## E2 Mail order pharmacies

### E2. Mail Order Pharmacy(ies)

You can get prescription drugs shipped to your home through our network mail order delivery program which is called OptumRx® home delivery pharmacy. Prescription orders sent directly from your doctor must have your approval before we can send your medications. This includes new prescriptions and prescriptions refills. We will contact you, by phone, to get your approval. If we are unable to reach you for approval, your prescription will not be sent to you.

You also have the choice to sign up for automated mail order delivery through our OptumRx® home delivery pharmacy. Typically, you should expect to get your prescription drugs from 4 to 6 business days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time, or if you would like to cancel an automatic order, contact us at 1-800-514-4911, TTY 711, 8am-8pm: 7 Days Oct-Mar; M-F Apr-Sept. To learn more about mail order pharmacies, refer to Chapter 5 of the Evidence of Coverage.
