B. Providers

B1. Key terms

A Plan of Care is the plan for what health services you will get and how you will get them. Together, you and your service coordination team will make a Plan of Care. For more information, please see your Member Handbook.

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

Providers are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.

- The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
- Providers that are a part of our plan's network are called **network providers**.

Network providers are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay only your share of the cost for covered services.

A **Primary Care Provider (PCP)** is a health care professional, primary care clinic, a federally qualified health center or a rural health care center who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

Specialists are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.

You also have access to a **Service Coordinator** and/or a **service coordination team** that you choose.

- A **Service Coordinator** helps you manage your medical providers and services.
- Your **service coordination team** may include doctors, nurses, counselors, or other health professionals who are there to help you get the care you need. Your service coordination team will also help you make a Plan of Care. Everyone on the service coordination team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

If you have questions, please call UnitedHealthcare Connected® at 1-800-256-6533, TTY 7-1-1, 8 a.m. - 8 p.m., local time, Monday - Friday. The call is free. **For more information**, visit MyUHC.com/CommunityPlan.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you should choose a Primary Care Provider. You may be able to have a specialist act as your PCP. If you would like to use a specialist as your PCP, call Member Services at 1-800-256-6533, TTY 7-1-1, 8 a.m. - 8 p.m., local time, Monday - Friday.

To choose a PCP, refer to the list of providers in section D and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.

If you want help in choosing a PCP, please call Member Services at 1-800-256-6533, 8 a.m. - 8 p.m., local time, Monday - Friday. The call is free. TTY: 7-1-1. Or, visit MyUHC.com/CommunityPlan.

If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B4. Long-term services and supports (LTSS)

As a UnitedHealthcare Connected® member, you may be able to get long-term services and supports (LTSS), such as those listed below. LTSS are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

Long-term services and supports (LTSS) are services provided by health care professionals who offer direct in-home and community based services for elderly people and persons with disabilities. Call Member Services at 1-800-256-6533, TTY 7-1-1, 8 a.m. - 8 p.m., local time, Monday - Friday to ask for these services.

What are some of my long-term services and supports (LTSS) benefits?

B5. How to identify providers in UnitedHealthcare Connected®'s network

You must get all of your covered services from providers within our network. If you use providers who are not in UnitedHealthcare Connected®'s network (without prior authorization (PA) or approval from us), you will have to pay the bill.

Prior Authorization

A **PA** is an approval from UnitedHealthcare Connected® before you can get a specific service, drug, or use an out-of-network provider. UnitedHealthcare Connected® may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also use providers outside the plan for other non-emergency services if UnitedHealthcare Connected® gives you permission first.

You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. If you want to change your primary care provider (PCP), call Member Services at 1-800-256-6533. Members

If you have questions, please call UnitedHealthcare Connected® at 1-800-256-6533, TTY 7-1-1, 8 a.m. - 8 p.m., local time, Monday - Friday. The call is free. **For more information**, visit MyUHC.com/CommunityPlan.

can change their PCP monthly. You will receive a new membership ID card that shows your new PCP name and phone number.

UnitedHealthcare Connected® works with all the providers in our network to accommodate the needs of people with disabilities. The list of network providers below includes information about the accommodations they provide.

If you need a provider and are not sure if they offer the accommodations you need, UnitedHealthcare Connected® can help you. Talk to your service coordination team for assistance.

Telehealth services may include primary care, specialist and other health care professionals care, urgent care and/or behavioral health care.
